Governor,

Do you know Griz? He's from the Valley (Houston area) and wants to be plugged in. He's been emailing me for a couple of months now. Sounds like he knows you, but obviously wanted to double check. Important part highlighted. Hope you're resting up today.

"Thank you for taking time from your busy day to talk to me.

My Fireworks business takes me to almost every Chamber of Commerce in the State. Also Fair organizations and Towns and Cities requiring a gala affair see my smiling happy face.

Have campaigned for Sarah in and around the Nome area where I had worked extensively years ago. I worked with and believed in Her while She served as Mayor of Wasilla and

before. Did then and still do. As a member of Lions International I learned the joys of "serving" and with your help shall serve Sarah with diligence and pride,"

Forever Griz

He applied for the board of game. He's willing to serve on anything but has a particular interest in fish and game issues.

Bill,

I do agree with your sentiment. Sarah should continue as leader of the rebellion.

On of the toughest things I have to overcome in my district's race is being a Republican.
Part of my doing so is to point out the work I have done for Sarah's campaign. If I do so, people will ask where her support is I would like to have a good answer.

I recall with great fondness the primary campaign being part of that "rag tag team. Nothing could have ever replaced the efforts or the creativity of her volunteers, it was an amazing.

Maybe it's time those early volunteers mobilize again to continue to take on the status quo. I there a reformed minded candidate running against Chenault?

As for keeping in touch with the Governor I have found that in emails get forwarded a lot. You never know who reads them.
